**SCHEME FOR THE COURSE OF
BACHELOR OF BUSINESS ADMINISTRATION (BBA)
BACKGROUND AND OBJECTIVES OF THE COURSE**

The Commerce education in India has fairly witnessed a new dimension of management orientation in the last decade at both the degree and post-degree levels. Still a commonly expressed barrier in the growth of trade and industry with its competitive strength is the lack of trained managing personnel. Consequently the wide-felt need for management education has been gaining support. The current fast marching of our economy to an open one or its move towards industrial growth otherwise has further magnified the pressure for these personnel. The universities and other Institutions have already initiated to come up in its response.

Need of the hour is to equip the young generation with traditional business values blended with modern concepts and techniques of management. The degree course like BBA are becoming popular and in demand. The Western Rajasthan is full of prospects and the society is expecting similar initiatives from this faculty.

“The management education at the under-graduate level is intended to serve as a grooming ground for the future managers. This will make a student more receptive to the advanced level of theory and practice of management science. In other academic fields also, the trend is, now-a-days, towards comprehensive course like five year integrated course in Physics, Law etc. Similar phenomenon already seem to have come in the field of management.”

(Excerpts from an article appeared in the University News, 38(43) October 23, 2000, p.8).

The course of BBA may be viewed as an intermediate step towards such integrated course in management. It aims at catering to the demand for the skilled and chiseled managing personnel in the industry in general and at all levels in the world of business in particular in India. The expressed objectives of this course is to provide a wider and sound base to the students not only for advanced course in management but also to open a range of career avenues like the management trainees picked-up by the industry, as also in the business researches/studies engaged in by the business consulting houses giving a variety of vital services to the trade industry.

The Faculty of Commerce and Management Studies, J.N.V. University started the three year degree course of Bachelor of Business Administration (BBA) on self-sufficiency basis from the session 2002-2003.

I. The Eligibility and Admission:

The course leading to the degree of BBA is a full time (day hour) three year degree course after qualifying 10+2 (Senior Secondary) or its equivalent public examination conducted by any recognized Board of Education in India or abroad. The candidates seeking admission must have secured at least 50% marks in aggregate at the qualifying examination.

Reservation of Seats: The seats for the SC/ST/OBC candidates etc. will be reserved as per rules of reservation applicable in the University in general. There will be a relaxation in the required eligibility of 50% marks at the qualifying examination as per University rules.

NOTE : Students who once join BBA(I) will not be allowed to shift to any other course in the Faculty and fees will not be refunded.

II. Scheme of Course and Examination:

The complete scheme would be as presented in its two parts, viz.

- (1) Course of Study
- (2) Scheme of Examination

1. Course of Study

The three year degree course of BBA consists of three parts viz Part I,II and III. One academic session of one year is devoted to the each part. The candidates are admitted to BBA part I only and thereafter required to qualify all the three parts consequently to earn the degree.

In each part there are eight courses composed of the Foundation Course, Core Courses and Participative Course.

Each course carry 100 marks. The suggested nomenclature of various courses covered in the three parts signifying the areas of study are as follows:
